CAREER OBJECTIVE

Detail-oriented and passionate ASP.NET Developer with a strong foundation in object oriented programming, database management systems, and web application development using ASP.NET and C#. Eager to contribute to real-world projects and enhance my skills in building scalable and efficient web applications.

TECHNICAL SKILLS

- **Languages:** Asp .Net, C#, Java, C++, SQL
- **Web Technologies:** HTML, CSS
- **Tools & Platforms:** Git, Eclipse, MySQL, Visual Studio
- **Core Concepts:** OOPs, SDLC, Problem Solving

ACADEMIC PROJECT

Title: *Home Accessories Rental Platform*
Technology: Java, SQL
Built an end-to-end rental platform that enables users to browse, select, and rent home accessories like furniture and decor items. Developed using Java and MySQL with a focus on backend functionality and database interaction. Implemented user-friendly UI and ensured real-time inventory tracking
